

The STEVENS 650 Chipper & Shredders are made for serious work.

The Stevens 650 Chipper & Shredder is designed for serious work.

Versatile, easy to use all-in-one chipper shredders that chip branches up to 70mm in diameter, and shred green waste to a fine mulch. Large wheels and with great balance for easy movement combined with loads of power for high production make this chipper shredder an outstanding performer.

Single in-feed diamond chute

6 Reversible Shredder Knives

Chips branches up to 70mm
